

DMA User Guide

Dunman Secondary School 2023

DMA Options

(A) Parents' DMA Options for after School Hours*

*School Hours: 6am to 6pm (Weekdays)

Default

This is the selected option, if parents do not request for either Option A or B.

This option presents parents with a dashboard (through **Mobile Guardian**) from which they can view their child's browsing activity.

Option A

If parents wish to have more flexibility with the Personal Learning Device (PLD), they can opt for Option A.

This option allows parents to install applications and to customise (through **Mobile Guardian**) their child's sleep timing, while retaining the web filtering function, to protect their child from unsafe contents.

Option B

For parents who wish to have total control of the device after school hours, they can opt for Option B. In addition to having the ability to install applications of choice, all activities on the device are not logged.

It is important to note that by not logging activities, there is no content filtering in place to protect the child from unsafe web content. There is also no sleep hour restriction on the device, which means that the child will be able to use the device at any time.

DMA Options

(b) Mobile Guardian – DMA Functions for Parents for after School Hours*

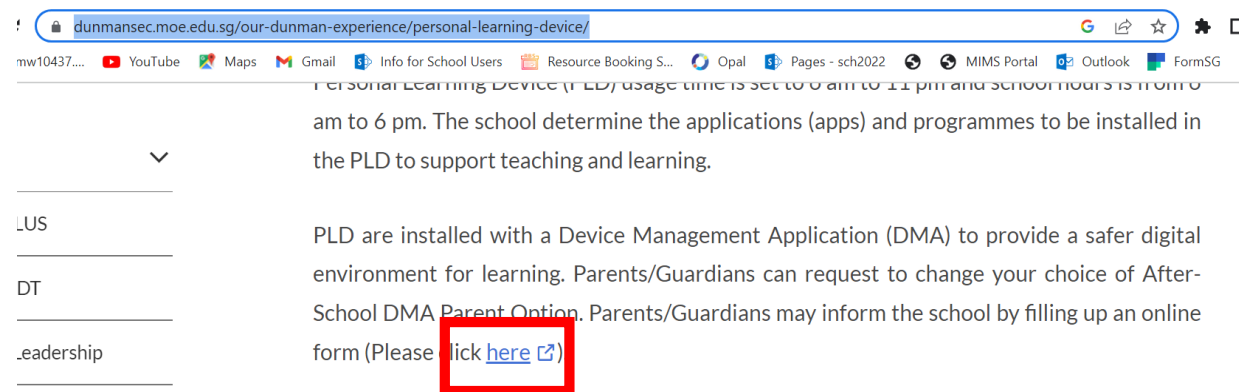

*School Hours: 6am to 6pm (Weekdays)

		Default	Option A	Option B
		For parents who want their child's use of the devices to be restricted only to teaching and learning, and who prefer to follow the Default setting as set by the school during school hours.	For parents who want more leeway over their child's use of the device and prefer to take charge of the level of restrictions for their child's use of the device after school hours.	For parents who do not want their child's use of the device after school hours to be regulated by the DMA at all.
